Bait Form

At Cretelakes we supply a range of baits that will appeal to most anglers.

All the baits we supply are 18mm in size and are fresh frozen to maximise your chances of landing some of the Cretelakes whackers. These baits are feed into the lakes throughout the summer and winter months so the fish treat these as a natural food source and are packed with the essential ingredients the fish need to maintain a healthy diet that is essential to the carps well being.

We highly recommend that you use one of the baits listed below and be safe in the knowledge that they are tried and tested with the added advantage that they come straight out of the freezer as you need them.

Simply fill out the pre order form below and your bait will be waiting for you upon your arrival.

Cretelakes does not permit particles or pellets of any kind; we have a strict boilie only rule.

Please indicate how many bags you require, please make your cheques payable to Cretelakes limited and post to, Cretelakes 16 Oaklands Av Sidcup Kent DA15 8NB

Alternatively credit/debit card payments can be made by telephone.

Please contact Debbie on 0208 3026866
